

## Agiliz, leading your journey towards actionable insights

Agiliz is a leading professional services company, providing business intelligence services and solutions across various industries. As a preferred MicroStrategy partner, we combine extensive knowledge and unmatched experience to guide our clients to improve their performance and to be ahead of the competition. If your passion for innovation and business intelligence is your driving factor, then Agiliz will be the perfect fit for you!

### Senior Cloud Data Specialist

Within Agiliz, you will be joining a team of technology experts from a broad Business intelligence spectrum. Together, you will help clients harness their data to create insights that help them make informed decisions, improve business outcomes and accelerate their performance.

### Role

We are currently looking for a senior cloud data specialist, who will join us in order to deliver high quality, end-to-end cloud data solutions.

Following the Agiliz vision and methodology, you will be leading the clients on different cloud BI aspects. As a Key Advisor, you will be the point of contact from problem definition to solution design and implementation. You will be leading your domain and your team in order to provide an innovative BI implementation.

## Qualifications

- You hold at least a Bachelor Diploma or similar through experience.
- +4 years of working experience in the field of Business Intelligence.
- Extensive knowledge of cloud data solutions (AWS/Azure/Google)
- Preferable knowledge of Snowflake & Matillion, but not a must.
- Excellent knowledge in Data modelling, data warehouse design star/snowflake schema and SQL.
- Good knowledge of ETL/ELT.
- Knowledge in MicroStrategy is a plus, but not a must.
- Strong leadership skills and team management skills.
- Project management activities for Reporting projects.
- Ability to estimate and plan client requirements, produce best in class deliverables.
- Excellent End-User/Business Interaction and Presentation Skills.
- Strong stakeholder management skills and ability to negotiate and influence executive level for decision making
- Good language skills: English, Dutch/French.
- Open to travel in BENELUX is a plus.

## Future Working Environment

Join Agiliz and you will choose for an innovative environment where entrepreneurship is hugely encouraged. You will get the opportunity to work with some of the most dynamic companies in the world.

We are an informal organization, part of the Cronos Group, with our own culture. Teamwork is our biggest strength and through that, we will always help each other in many interesting and challenging projects.

Next to our excellent terms of employment and benefits, you will have the opportunity to work with the best and through a Personal Development Plan, we will help you to steer your career to your desired direction. Whether your growth will be technical, functional, management or business, we at Agiliz will fully support your chosen path.

## Apply now

Do you recognize yourself in the above and does Agiliz seem interesting for you, do not wait any longer. Send your CV to [info@agiliz.be](mailto:info@agiliz.be) and make an appointment for an interview.
